Every aspect of the **Workforce Dimensions™** solution — the underlying architecture, integration, user experience, functionality, data access, delivery, and support — is designed to help you optimize your people. Powered by the industry-first **Kronos D5™ platform**, Workforce Dimensions provides a breakthrough employee experience and an unprecedented level of operational insight into your workforce management practices. Whether your goals are to increase productivity, improve compliance, control labor costs, or achieve better business outcomes, Kronos® provides the technology tools you need to manage your workforce of the future, today.

As the enterprise leader in workforce management applications, Kronos understands the need for strong integrations between software applications. That’s why we’ve built a robust developer portal with access to our API layer. The Workforce Dimensions Technology Partner program is designed to facilitate this interoperability and drive business results.

The WorkJam Digital Workplace unleashes the potential of your enterprise workforce through a combination of factors that include an open-shift marketplace, collaborative communication, experiential learning, and tailored recognition.

WorkJam increases sales conversion, drives down labor costs, lowers absenteeism and attrition rates, improves compliance, optimizes labor in relation to demand, and improves the customer experience by fostering a more motivated and engaged workforce. For employees, WorkJam delivers more control over their schedule for greater work-life balance, as well as the opportunity to develop new skills, improve sales acumen, and maximize their earnings to advance their economic well-being.
